STAR CARDS™

CUSTOM PRINTED QSL CARDS

ORDER FORM

Thank you for your interest in ordering your QSL cards from Star Cards, an affiliate of Chester Press, Inc. Since we have our own printing facility, you can be assured we will have complete control of your order from start to finish. Answers to your inquiries are just a phone call or e-mail away.

Star Card QSL cards are famous for their high quality and value. All orders are printed in full color, so you are not limited to stock designs or color combinations. You are encouraged to design your own card, or send us a sample card or photo and we'll design one for you.

Star Cards QSL cards are printed on a 14 point card stock using Process Color ink plus a protective ultra-gloss UV coating on the front, and black ink on the back. For card designs with a report form on the front side, we use a 12 pt. Mirrorkote high-gloss card stock without UV coating, which can be written on.

For the back side, you can choose our standard report form post card back, a blank post card back, or specify your own report form or design. Of course, the back side can also be left entirely blank.

Ordering is easy. Just follow the steps on the following pages of this order form, mail it to us with any photos, drawings, or forms you wish to use, and we'll do the rest. Be sure to call or e-mail us if you have any questions.
